

HOLY FAMILY KIRKLAND IS

STAYING SAFE AT MASS

WE ARE TAKING EXTRA PRECAUTIONS TO KEEP EVERYONE SAFE:

Check out all of the extra precautions we at HFK are taking to make sure that every one stays healthy when they come to worship together!

MAINTAIN DISTANCE AT ALL TIMES:

All seating and walkways are marked off to ensure that we maintain at LEAST 6 ft. of distance between each other while in the church building AND while waiting to check in for Mass. Please be aware of distance markers, and maintain distance from others at all times.

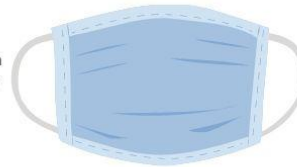

INDUSTRIAL CLEANING EQUIPMENT & SANITATION

We have purchased an industrial sanitizing fogger to spray down all seating areas and touch-points in the church between masses. We will spray all areas marked for seating, so be sure you stay in those areas!

MASK UP

Everyone is required to wear a mask while on campus that covers their mouth and nose. If you do not have one, or forget yours: We will have paper masks at the entry of Mass for you to wear.

SELF MONITOR FOR SYMPTOMS:

If you have experienced any symptoms in the past two weeks we ask that you stay home to play it safe! Do not come if you have had a fever, cough, chills, or loss of smell or taste.

NO SINGING:

While we WILL have a pianist at each Mass, we will NOT have any congregants singing, as this has been proven to spread droplets further than just spoken responses. For this reason, we will only be singing along in our hearts while at Mass.

SIGN IN FOR MASS:

All congregants are required to sign in for Mass, please DO NOT show up unless you have been assigned and notified! Let the hospitality minister know your name when you arrive, and they will check off that you were in attendance! Thank you!
